Drawings

1. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign mentioned in the description: 1221, a micro climate vent, as presented in claims 23, 45 and 46. A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Claim Rejections - 35 USC § 112

- The following is a quotation of the second paragraph of 35 U.S.C. 112:
 The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 3. Claims 22, 23, 24, 25, 26, 27 and 43 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
- 4. Claim 22, line 3; claim 23, line 3; claim 24, lines 5-6; claim 25, lines 5-6; and claim 26, lines 5-6 recite the language of "a side wall" which is deemed to be confusing. Claim 21 recites "a plurality of side walls" and the recitation of "a side wall" in claims 22, 23, 24, 25 and 26 is confusing because it appears to be introducing additional side walls to the "plurality of side walls" as presented in claim 21.

Claim 27 recites the limitation "the side wall" in line 2. There is insufficient antecedent basis for this limitation in the claim.
